

DVP Series

Dry Vacuum/Pressure Pumps for the Graphic Arts Industry

DESCRIPTION

Zurich DVP series pumps are oil-free, combination vacuum and compressed air pumps designed and manufactured for today's printing presses and bindery equipment. They are ideal for replacement of Becker, Rietschle, and other brand pumps.

Zurich pumps offer greater efficiency and cooler, more robust operation than similar pumps of older design. Additionally, changing inlet filters and replacing normally wearing parts has been simplified.

FEATURES

- 100% oil-free
- Extra long life, self-adjusting carbon vanes
- Inlet and discharge filters
- Air-cooled aftercooler
- Vacuum and pressure relief valves
- Vibration isolators
- Superior warranty

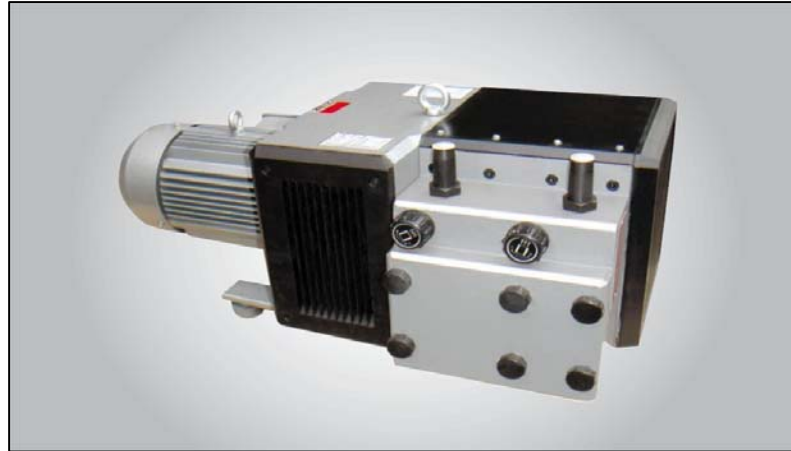

DVP 3.100
